

The announcement is for your information.

By International Relations and Erasmus Coordinatorship

Date:07.09.2020

Instead of two students from Engineering Faculty who renounced their right of Erasmus + Student Learning Mobility for the 2020-2021 Academic Year, a new quota for two students from Engineering Faculty has been created. Also, a new quota for one student was created for Health Sciences Institute, which was not included in the previous announcement.

Application quotas have been updated again.

Application Criterias	All undergraduate students of our university can apply, with the exception of our students selected in the 2020-2021 Erasmus+ Student Learning Mobility 1st Call considering the quota informations.
------------------------------	---
